

IWLA MEMBERSHIP MEETING MINUTES

OCTOBER 18, 2018

President Dan Arico opened the meeting at 7:00 p.m.

The Pledge of Allegiance and IWLA Pledge were recited.

Bill Park was introduced by Jack Weeks as tonight's speaker; he has been involved in bird watching and associated activities for over 30 years. Bill's presentation was oriented to the types of birds that we see in this area and while we are out in the woods around Lake Frederick and the Izaak Walton League woods. There are a variety of reasons why people bird watch. Everybody has their own reason for doing so; some people just sit on their patio or porch and watch birds come to their bird feeder; others, however, may travel the world to do so—to each his own.

President Report: We will be having a Christmas fest of some kind and that will be made more clear as we move along; don't forget about the workday on Saturday, Oct 27th; Butch will talk about that more later.

Secretary's Report: Move, seconded and approved minutes from last meeting.

Vice President's Report: The new door has been put on much thanks to Dave Prater and his son, Marc while Stan Kugler helped pick it up at Lowe's. (Secretary's note): Chris Barltrop also had a good deal to do with that door and painting of same. We thank all four for that work!

Treasurer's Report: In most categories, we are under budget. Now, we are in process of getting membership renewals. All other details of the Treasurer's report are found on the website.

Membership Report: New members are 19 this month and 2 renewals who left some time ago, and these two were grandfathered into renewal without penalty. We picked up three new applications this evening at this meeting. We had our last bulls-eye match this past week, and we are thinking about adding another and even a third match next year; more to come on that in the newsletter. Our new newsletter is being widely praised by the membership so take a good luck at it when it next comes.

Lake Committee: No report

Range Committee Report: We have put together the parameters of range rules and qualifications and they will be coming out in the upcoming year. Qualifications will be good for two years. We are going to do 17 different NRA courses in the upcoming year. Basic pistol course will be done on November 10th and December 8th will be an RSO course. If members want to take both courses, we will have a "deal" available.

Facilities Report: Once again happy to report that electricity has been returned to the two sheds with much work and thanks to Todd Forbes for accomplishing the details and Chris Barltrop for getting the necessary County paperwork done. The workday is still scheduled for 27 October

with many jobs to be done; looking forward to as many volunteers as possible to come out and lend a hand.

50/50: Went to the legal defense fund--\$17.00.

Meeting was adjourned at 8:34 P.M.
